

New Horizons, Inc. is a locally based and managed 501(c)(3) non-profit organization with three divisions – New Horizons Village in Farmington, Cherry Brook Health Care Center in Canton, and New Horizons Middlebury. Our organization provides a continuum of care that includes housing and support services for people with physical disabilities, as well as rehabilitation and inpatient nursing home care. Our community fosters an environment of support in order to promote each resident's individual growth, self-determination, and ability to reach their greatest potential.

Expanding our service offering with Sunshine Wheels has enabled New Horizons to meet a significant need in the market for accessible transportation. Our goal is to make a difference in and improve the quality of life for seniors and individuals with disabilities.

Want a Better Ride?

SPECIALIZED DOOR-TO-DOOR SERVICE

Sunshine Wheels is exclusively dedicated to serving individuals with mobility challenges.

ACCESSIBLE & COMFORTABLE VANS

All of our vehicles are equipped and maintained to meet the highest standards for personal safety and comfort. Our full-size, wheelchair-accessible vans have ADA-compliant lifts and ramps, plus plenty of space, which makes for an easy exit.

EXPERIENCED & CARING DRIVERS

We employ our own van drivers who are dependable, caring, and have extensive experience with driving wheelchair-accessible vehicles.

NO COST TO ELIGIBLE MEDICAID MEMBERS

Our trip rates for non-emergency medical transportation are predetermined and reimbursed by the State of Connecticut.

GROUP TRANSPORTS AVAILABLE

Our vans have ample room for multiple passengers and can hold two to three wheelchairs comfortably. This option is often helpful so that a CNA/Personal Care Attendant can assist multiple passengers at once.

SAFE, RELIABLE, ON-TIME RIDES

As part of New Horizons, we have over 30 years of experience with efficiently scheduling reservations and effectively managing rides for individuals with physical disabilities.
